Mr. Jeff Ruch
Executive Director
Public Employees for Environmental Responsibility
962 Wayne Avenue, Suite 610
Silver Spring, MD 20910

Dear Mr. Ruch:

This letter responds to your Freedom of Information Act (FOIA) request of November 9, 2018 in which you seek the following:

- The latest documents related to, or estimating, the depth below surface at which groundwater is found at Treasure Island;
- The latest documents related to review of groundwater flow/release/migration from Treasure Island into San Francisco Bay;
- Documents and communication from the period between January 1, 2014 and present related to the extent to which contaminated groundwater is a pathway for migration of radiological isotopes in the San Francisco Bay; and
- Documents and communication reflecting the current regulatory standards the Navy is obligated to comply with in assessing and remediating potential releases of radiation into San Francisco Bay from runoff and groundwater flow into the Bay.

Your request was received by this office on November 19, 2018 and assigned file number DON-Navy-2019-001082.

Despite diligent efforts, we are unable to provide you a final determination on your request within the 20 working-day statutory time frame established by the FOIA because of the need to search for, collect, and examine a substantial number of responsive records.

The processing of your request is being continued and is expected to be completed by **April 1, 2019**. The link to the Administrative Record for the former Naval Station Treasure Island includes documents available to the public that form the basis for the selection of environmental response actions for environmental sites and is provided below in the interim while we process your request.

In view of the above, you may consider this to be an adverse determination that may be appealed. Since you have created an account in FOIA online, you may submit an appeal directly within the web-based system. To do this, you would log in to your account, retrieve your original request, and then click on the "Create Appeal" tab in the left-hand column. The basic information from your request will be duplicated for you, and then you can type in the basis of your appeal. If you prefer to use regular mail, you may submit an appeal to:

The Department of the Navy
Office of the General Counsel (ATTN: FOIA APPEALS)
1000 Navy Pentagon, Room 5A532
Washington, DC 20350-1000

Your appeal, if any, must be postmarked within 60 calendar days from the date of this letter and should include a copy of your initial request, a copy of this letter, and a statement indicating why you believe your appeal should be granted.

You may modify your request to allow this agency to complete its processing in an alternative time frame. To discuss this option or for any further assistance regarding any aspect of your request, you have the right to contact the Department of the Navy FOIA Public Liaison, Mr. Christopher Julka, at Christopher.A.Julka@navy.mil or (703) 697-0031. Additionally, you have the right to contact the Office of Government Information Services (OGIS) to inquire about the FOIA mediation services they offer. The contact information for OGIS is: Office of Government Information Services, National Archives and Records Administration, 8601 Adelphi Road-OGIS, College Park, Maryland 20740-01, e-mail at ogis@nara.gov; telephone at 202-741-5770; toll free at 1-877-684-6448; or facsimile at 202-741-5769.

Should you agree to await a substantive response, your right to appeal any denial of information, in whole or in part, will not be prejudiced. In the event of a partial or total denial, you will be afforded 60 calendar days from the date of denial in which to appeal.

Any questions concerning this matter should be directed to Ms. Sarah Ann Moore who may be contacted at sarah.moore@navy.mil or 619-524-5727.

Sincerely,

ALAN K. LEE
Director
